

AFFIRM-AHF

Optimising HEART FAILURE management

Thursday 25 March 2021 • 6.45pm - 9.00pm
Victoria Park • 309 Herston Rd Herston

We are delighted to invite you to attend a Specialists' evening program with focus on the management of heart failure in the presence of iron deficiency. The program developed in collaboration with representatives of the AFFIRM-AHF Steering Committee, will highlight new research results and the potential implications for the effective clinical management of this patient population. Ample time for questions and discussion will also be provided.
